CABINET LINE

# CLOSET CABINETS

Frameless

MADE IN USA

## Quality

**Our frameless cabinets** are designed and built to the highest standard of the industry. We source top quality raw materials domestically in North America and perform all the manufacturing also in the USA. Assuring in this way the quality of the final products.

We build cabinets using European hardware, all our hinges, drawer guides and additional accessories are sourced from top Italian brands, which gives our closet cabinets the looks and feel of a leading product.

All our cabinets comply with the **TSCA Title VI EPA** rule and the **CARB ATCM** Phase II emission standards.

## Service

The fact we source our raw materials and manufacture 100% in the US, warranties excellent real lead times for initial purchases, and short response time when needed.

## Simplicity and Efficiency

We build our cabinets with the installer and the builder in mind. **Our products are designed to reduce assembly and installation time**, at the same time we utilize smart hardware to simplify final set up.

By utilizing the latest fastening technology, we reduce assembly labor **cost by 60%**, at the same time that eliminate the need screws, staples and glue.

All our closet cabinets are mounted on polymer adjustable legs, which make installation and alignment super simple, eliminating the need of shims. **This reduces the installation time considerably.**

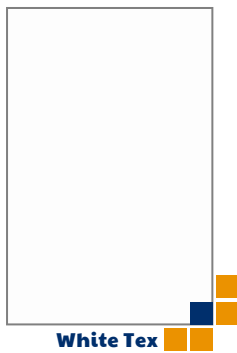

Since we have **direct access to TFL panels**, we manufacture our finished ends with the same designs of the drawers fronts and doors. Reducing the cost of additional panels, and the time to install those at the end of the job.
